

PLANETARY HEALTH REPORT CARD PHYSIOTHERAPY

2023-2024

APRIL 2024

Prepared by:

Physiotherapy students and faculty from 3 physiotherapy schools in 3 countries

With Support from:

Josiah Macy Jr. Foundation
Global Consortium on Climate and Health Education
PHRC Interdisciplinary Lead, Dr Hannah Chase

phreportcard.org

RANKING TABLE

The purpose of the PHRC is to be an advocacy tool for change rather than a grading process to humiliate schools with lower scores. It is how the PHRC is used to create positive change that is more important. However, faculty and students have found it helpful to benchmark their school to the performance of others and this table gives a visual summary of the schools' grades this year.

2024 PHRC RESULTS PHYSIOTHERAPY

(Click the school name to read their full report)

Overall
Planetary Health Curriculum
Interdisciplinary Research
Community Outreach & Advocacy
Support for Student-led Initiatives
Campus Sustainability

1.	Stellenbosch University	B-	B-	B-	B-	B-	B
2.	Karolinska Institutet	C+	C+	B	D+	B	B-
3.	Royal College of Surgeons Ireland	C-	F+	C+	D-	C	A-

80-100% = A, 60-79% = B, 40-59% = C, 20-39% = D, 0-19% = F

Scores within top or bottom 5% awarded + or -, respectively

 = Overall score improved from 2022-2023 to 2023-2024
